

COMPANY OVERVIEW

Founded in 1973, Interstate Threaded Products (ITP) has achieved a leadership position in manufacturing and distributing quality threaded fasteners. Serving industries such as commercial construction, agriculture, highway construction, industrial, petro-chemical and utility enterprises, ITP has earned a reputation for superior products and extraordinary customer service.

Our combined manufacturing and warehouse facilities occupy over 100,000 square feet and house more than 1,600 unique parts. Our large inventory of stock is designed to ensure fast delivery. Additionally, our manufacturing plant is tooled to fabricate special orders in any quantity needed to your specifications.

SERVICE PHILOSOPHY

Our service philosophy begins with a core belief that our customers need their orders fulfilled accurately and delivered in the most timely fashion. At ITP, experienced, knowledgeable and highly trained personnel are driven to provide the highest level of service to our customers.

QUALITY ASSURANCE

ITP prides itself in our Quality Management System which has been established and compliant with the following standards:

- ISO 9001 Compliant
- Fastener Quality Act (FQA99 Revision)
- IFI Standards (Industrial Fasteners Institute)

The requirements specified are primarily aimed at achieving customer satisfaction by preventing nonconformity at all stages and continuously improving our process.

MANUFACTURING SPECIALTIES

With over three decades of manufacturing expertise, versatile equipment, and highly trained personnel, ITP is a leader in manufacturing u-bolts, anchor bolts, and other specialty items — made to your exact specifications — in many materials including low carbon steel, stainless steel, and alloys. Should your project require an individual item that is not found in our stock inventory, just let us know.

- U-bolts
- Square bend J-bolts
